Julie Knauss

Julie Knauss

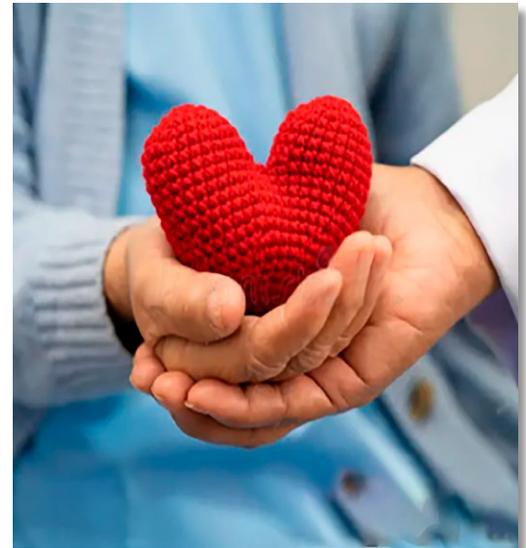

*RN, Clinical Education Coord., CNA Mgr.
HIA Hospice*

Julie is the wife of Corey, a mom to five daughters, and a grandma-to-be. She holds a BSN and is in the Nurse Educator Master's Program at MSUM.

She has been with HIA Hospice for five years, serving as the CNA Manager and Clinical Education Coordinator. One of her favorite parts of her work is visiting different communities to share information about hospice and the support it provides.

Before joining HIA Hospice, Julie worked in home and hospice care with another agency for about two years. She also gained experience in two different long-term care facilities, serving in both administrative and charge nurse roles. Her background includes work in cardiac rehab, a heart failure clinic, and ICU/PCU settings.

Julie became especially interested in end-of-life care after being with her grandmother-in-law when she passed, as well as walking alongside her mom and stepdad through his dying process. She considers it both an honor and a privilege to support individuals and families during this unknown and sometimes difficult time in life. She believes no one should go through life, or the end of life, alone. Every moment matters.
